# DEDUCTIONS

Per RCW 72.09 and 28 U.S.C. § 1915, deductions specified in this attachment will be taken from qualifying deposits at the time the deposit is posted to an offender's trust account. Deductions are subject to the priorities established in RCW 72.11.030.

The deposit types and percentages are outlined in the Deduction Matrix (Attachment 2).

Except as noted, the deductions specified in this attachment will not reduce an offender's spendable subaccount balance to less than the indigence level per RCW 72.09.015.

2. LFO deductions will occur until the offender has met his/her obligations or the Department's authority to collect has expired.
3. The Department will collect any amounts owed for LFOs per RCW 72.11, regardless of any wording in the Judgment and Sentence deferring collection until after release.
4. The offender's LFO balance is subject to an interest assessment by the county clerk per RCW 10.82.090.
5. LFOs will be forwarded to the appropriate county clerk on a semi-monthly basis.

### **B. Savings (SAV)**

1. Savings will be deducted to the savings subaccount in the Trust Accounting System (TAS).

### **C. Crime Victim Compensation (CVC)**

1. CVC deductions will be deposited in the state treasury Crime Victims' Compensation Account. A CVC deduction is not considered part of an offender's LFO.

## Steps to determine offender eligibility

1. Determine the offender's age at his/her Earned Release Date (ERD)

Example 1: DOB 9/4/1957  
ERD 2/15/2045  
(2044-1957) = 87

Example 2: DOB 9/4/1957  
ERD 10/15/2045  
(2045-1957) = 88

2. Determine life expectancy: Match the offender's current age on the table to the number in the "Life Expectancy" column based on the offender's gender.

An offender is eligible when life expectancy is less than the offender's age at his/her ERD.

## **COUNTY OF ORIGIN**

### **County of Origin Applicability**

- Offenders releasing from Prison after July 22, 2007, who require an Investigation Offender Release Plan (ORP) with an approved address must meet County of Origin eligibility.
  - The ISRB may release offenders under their jurisdiction to locations other than the county of origin.
- Offenders under supervision in the community who were released from Prison on or after July 22, 2007, and wish to transfer from the county of origin to another county must meet one of the exception criteria below.

### **Determining and Documenting an Offender's County of Origin - Identified at Reception Diagnostic Centers and Parent Facilities**

- The county of origin is the place where the offender received his/her first felony conviction in Washington State, regardless of whether it was served in Prison or the community. This includes juvenile adjudications, but not vacated convictions.
- Staff will use all available reference material to identify the county of origin, including, but not limited to:
  - Previous criminal histories,
  - National Crime Information Center (NCIC),
  - Washington State Criminal Information Center (WASIC),
  - District and Municipal Court Information System (DISCIS),
  - State Identification (SID) Rap Sheets,
  - Offender Management Network Information (OMNI), and
  - Offender Supervision Plan System (OSPS).
- Classification Counselors/Record staff will document first county of conviction in the offender's electronic file.

### **Documenting Efforts to Release to County of Origin**

- When a Counselor/facility CCO has exhausted efforts to assist the offender in identifying release resources in the county of origin and those efforts have been documented in chronological entries in the offender's electronic file, the Counselor, working with the offender, should identify an alternative ORP to a county of release other than the county of origin. Alternate release plans outside the county of origin will be explored in the following order: section, region, statewide. If no plan exists at those levels, statewide alternatives will be considered. The alternative (i.e., exception) plan for release outside county of origin must provide the offender with resources and must not result in the offender releasing homeless. If all options have been exhausted and no housing resource can be located, the offender will be released homeless in the county of origin, unless there are victim safety concerns in the county of origin which cannot be mitigated as determined after the Community Victim Liaison staffs with the

## COUNTY OF ORIGIN

Headquarters Victim Services Program Manager. The Community Victim Liaison will document the determination in a Community Concerns chronological entry in the offender's electronic file.

### **Process to Request Submission of Offender Release Plan for Release Outside the County of Origin**

#### **Exceptions per RCW 72.09:**

##### **1. A Court Ordered Condition of the Offender's Sentence**

The Judgment and Sentence (J&S) prohibits the offender from returning to the county of origin due to geographical restrictions.

- **Guidelines for Counselor/Facility Community Corrections Officer (CCO)** - Specific information related to this restriction must be documented in the ORP in the Comments section and in the chronological record in the offender's electronic file.

##### **2. Victim Safety Issues**

There are victim safety concerns in the county of origin which, as determined by the Community Victim Liaison, cannot be mitigated sufficiently to allow residence in the county of origin.

- **Guidelines for Counselor/Facility CCO** - Confirmation must be received from a Community Victim Liaison that there are victim safety issues that prohibit placement of the offender in his/her county of origin. This determination will be made by the Community Victim Liaison in consultation with the Counselor and facility CCO assigned to the case. After staffing with the Headquarters Victim Services Program Manager, the Community Victim Liaison will document the final recommendation(s) in a chrono entry in the offender's electronic file. The following factors will be considered in making the determination and documented by the Community Victim Liaison:
  - Is it likely, based on previous behavior patterns or the offender's current behavior or statements, that harm to specific persons and/or new criminal offenses will occur if the offender is released to the county of origin?
  - Is there a strategy to reduce the specific risk in the county of origin (e.g., geographic restrictions, daily reporting, imposed conditions, treatment or other programming, surveillance) that will likely be effective?
  - Are there reasons to conclude that increased geographic separation between the offender and the person(s) targeted will reduce the risk of harm or new offending behavior?
    - **NOTE:** To identify cases in which there may be victim issues, review the offender's electronic file to determine Community Concerns or Victim Wrap

## COUNTY OF ORIGIN

Around issues. If issues are indicated, Victim Services Program staff will be contacted to determine if there are specific concerns in the county of origin that cannot be mitigated.

### 3. Negative Influences on the Offender in the Community

Negative influences can include gang membership, crime organizations to which the offender belonged, abusive relationships that had an impact on the offender's criminality, and high profile cases that would impact the offender's ability to establish and maintain lasting pro-social relationships.

- **Guidelines for Counselor/Facility CCO** - When documenting these influences, information gathered from law enforcement agencies, criminal histories, offender interviews, and mental health evaluations must be provided. Justification for this exception will be documented in the ORP to show that the negative influence on the offender would be so pervasive as to override any other pro-social influences available in the county of origin.

### 4. The Location of Family or Other Sponsoring Persons or Organizations Willing to Support the Offender

Documentation should show that there is no family support, sponsoring persons, or agencies in the county of origin, and that there are no victim safety concerns in the proposed alternate county of release.

- **Guidelines for Counselor/Facility CCO** - If the offender has a verified plan outside the county of origin that includes strong family support, employment, and/or support of outside organizations that will assist the offender with successful re-entry, the plan may be submitted without considering resources in the county of origin first.

➤ Examples for this exception include:

- The offender has never lived in the county of origin and has a verified plan in a different county.
- The first felony conviction occurred long ago or at an early age, and since that time all family and friends have relocated to a different county.
- There has not been any sustained contact with pro-social contacts in the county of origin and there is a verified plan in a different county.
- The county of origin has no resources or charitable organizations, there is no family to provide financial support, and releasing to the original county of conviction would result in the offender releasing homeless.

➤ Efforts made to locate resources will be documented in the ORP, along with information verifying that the proposed sponsor is a person who has provided

## COUNTY OF ORIGIN

support to the offender (e.g., was on offender's visitor list, how many times s/he visited, the relationship to the offender, etc.).

### Authorization of Exceptions to County of Origin Plan

- **Authorization for Submission** - The Counselor/facility CCO will document the reason for exception in the offender's electronic file. The Counselor/facility CCO will discuss with the offender the exception request and review documentation to ensure all information is included in the chronological record. The Counselor/facility CCO will forward the request to the Associate Superintendent/Field Administrator for authorization to submit a plan not in the county of origin. Authorization to submit the plan will be documented in the Comments section of the ORP along with the justification for the exception for placement.
- **Assignment/Investigate** -
  - **For exceptions based on Court Ordered Conditions or Victim Safety Issues**  
The Assignment Officer will assign the ORP for investigation through the normal process. The CCO will verify that the plan exists through the normal process. Whether the plan is approved or denied, it will be routed through the supervisor to the Field Administrator for final approval/denial.
  - **For offender requesting exception based on Negative Influences on the Offender in the Community and the Location of Family or Other Sponsoring Persons or Organizations Willing to Support the Offender** - The Assignment Officer will forward the ORP to the assignment email box for the county with the alternate plan. The check date for completing the plan development ORP for this type of release will be manually set at 15 days from assignment. The ORP will be assigned for investigation in that county. The assigned CCO will investigate the alternate plan to ensure that it is appropriate. During the investigation, the assigned CCO will verify that the proposed sponsor is an appropriate sponsor, verifying the proposed sponsor's identity if claiming to be a relative, and that there are no known victim safety concerns in the proposed county of release. Whether the CCO approves or denies the plan, it will be forwarded to his/her supervisor for review and then to the Field Administrator. The Field Administrator will evaluate the plan to determine if it meets the criteria for exception.
- **Approval Process** - If, after reviewing the ORP, the Field Administrator supports release outside the county of origin, s/he will approve the plan and notify the Law and Justice Council in the county of release.
- **County of Origin Resolution** - In the event of conflict between the Superintendent and the Field Administrator, the release plan will be forwarded to the Assistant Secretary for Government, Community Relations and Regulatory Compliance for review and resolution.

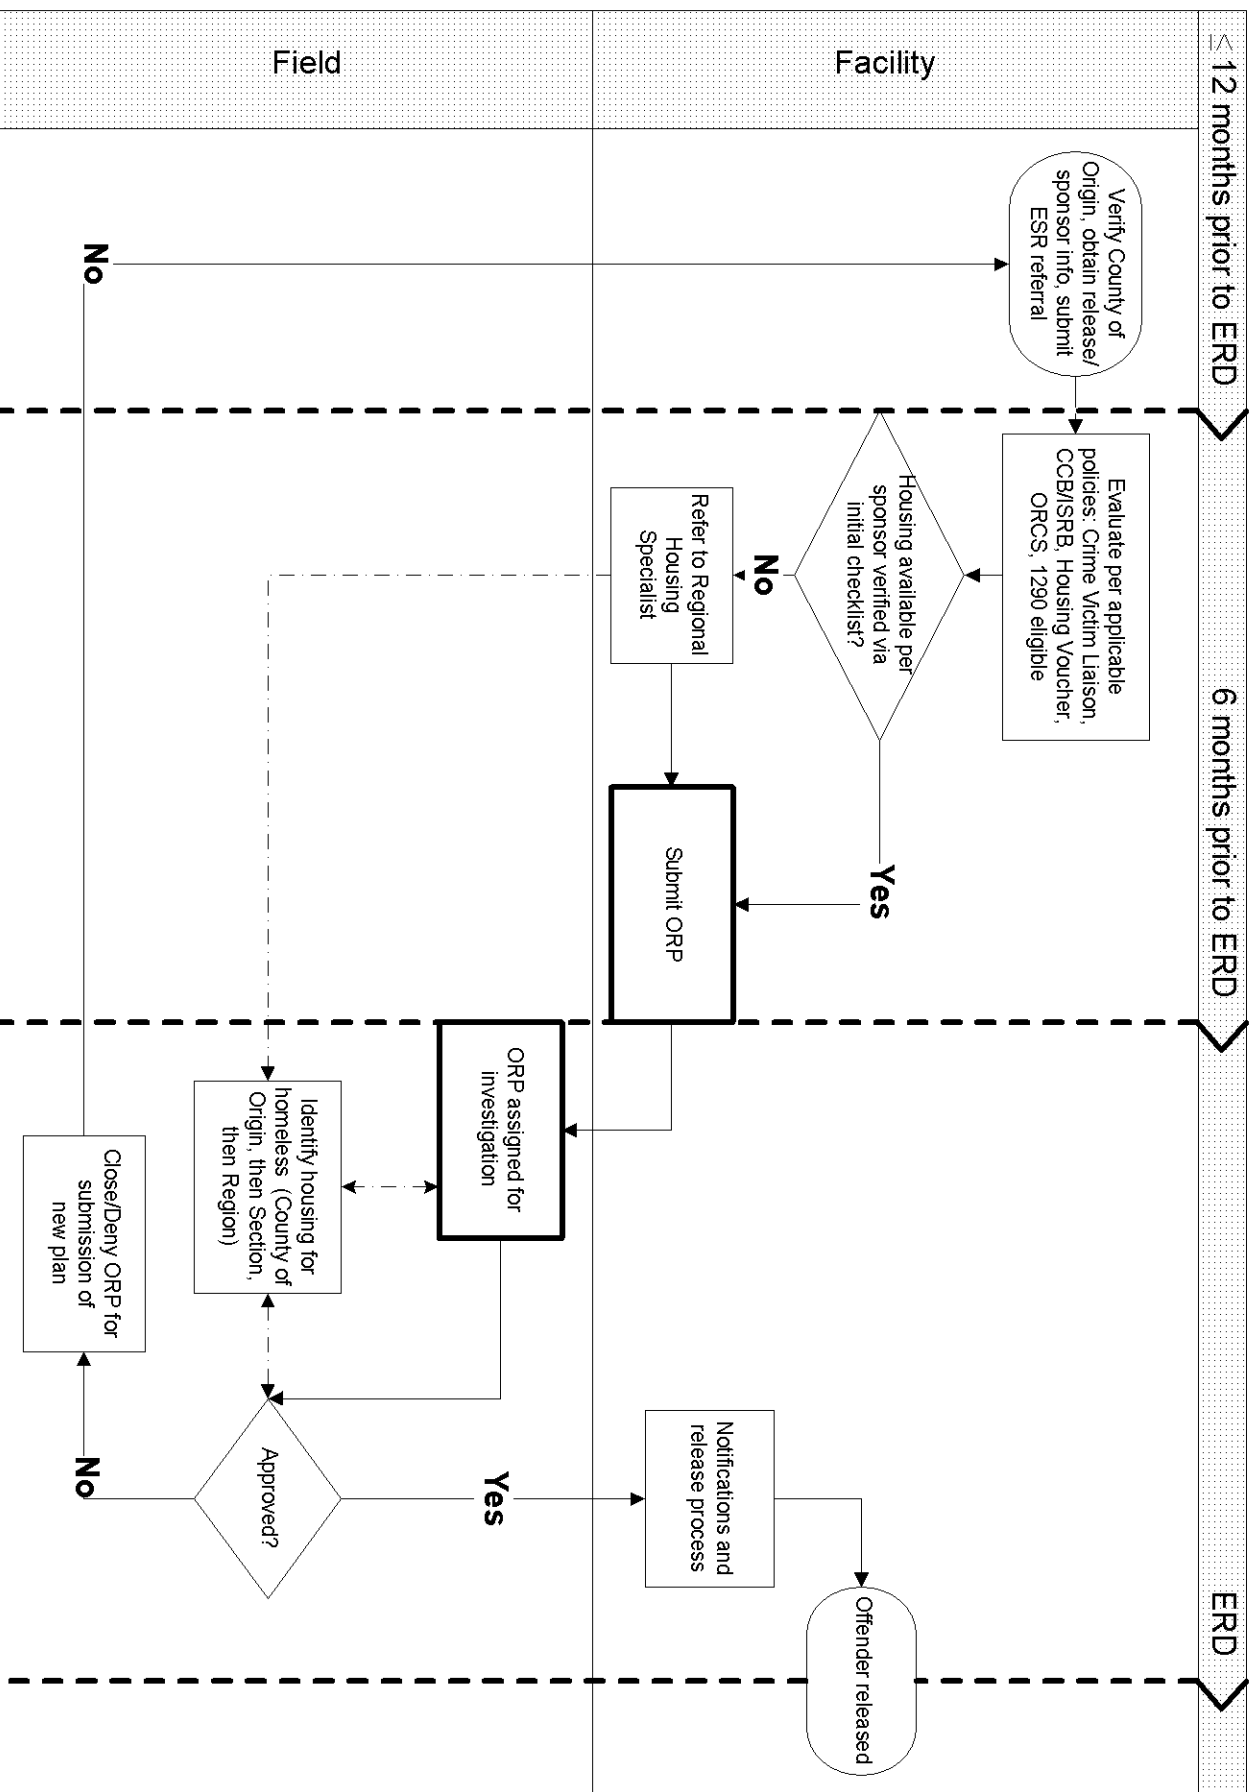

## COUNTY OF ORIGIN

### Denial/Appeal

- Denial Process
  - If, after reviewing the ORP, the Field Administrator does not support release outside the county of origin, the Field Administrator/designee will contact the Superintendent/designee to:
    - Identify additional information that may be required, or
    - Provide notification that the ORP will be denied.
- Appeal
  - If the Field Administrator denies the ORP, the offender may appeal per DOC 350.200 Offender Transition and Release.

# OFFENDER RELEASE PLAN PROCEDURE

## DETERMINE THE APPROPRIATENESS OF A PROPOSED PLAN

**Counselor/Facility Community Corrections Officer (CCO)** will:

1. Determine if the offender will have community custody/placement requirements upon release.
2. Determine the county of origin, utilizing/establishing the offender's criminal history, including juvenile history, using available resources (e.g., previous criminal histories, NCIC, WASIC, DISCIS, SID rap sheet, etc.).
  - a. Reception Diagnostic Centers and the parent facility will enter county of origin into the offender's electronic record at intake or during the development of the Offender Release Plan (ORP).
3. Consider all offender electronic record chrono entries, paying specific attention to Community Concerns chrono entries.
4. Consider all End of Sentence Review Committee decisions, including referrals for Civil Commitment under RCW 71.09.
5. Contact release sponsor(s) using DOC 11-012 Release Sponsor Checklist and DOC 11-013 Sponsor Letter.
6. If able to identify more than one potential release address, submit the primary release plan in the ORP Proposed Address. Information regarding any secondary plan(s) will be included in the Comments Section of the Offender Release Address Information Section on the Counselor/facility CCO tab of the ORP.
7. If the offender is unable to provide an address, assist the offender in locating an appropriate housing resource. The assigned Counselor/facility CCO will contact the Regional Housing Specialist for the offender's county of origin as an information resource to identify an appropriate potential release address for the offender per DOC 350.210 Transition Resources for Offenders. Current Regional Housing Specialist assignments and coverage areas are available online at the following site:  
<http://insidedoc/usercontents/offenderprograms/erdstaffandcoverageareas.asp>

**An ORP will not be submitted for any of the following reasons, which will be documented in the offender's chronological record:**

1. The plan will place the offender in a situation where s/he is likely to re-offend. This will be reviewed by the Correctional Unit Supervisor and Correctional Program Manager, or Work Release Community Corrections Supervisor and Field Administrator.
2. The plan will place the offender in violation of the Judgment and Sentence (J&S) and/or Department conditions.
3. The sponsor withdraws.

# OFFENDER RELEASE PLAN PROCEDURE

## SUBMITTING A NOTIFICATION ONLY ORP

**The Counselor/Facility CCO** will:

1. Complete and submit the ORP 6 months prior to ERD.
2. If there are existing Field cases, the Notification ORP will be sent to the office where the Field file(s) are currently assigned.

**The CCO** will:

1. Within 30 days, review the release address to ensure it is not in violation of court ordered conditions and does not put the offender in violation.
  - a. If the release address puts the offender in violation of court ordered conditions and no alternative plan was submitted, the CCO will immediately contact the Counselor/facility CCO to develop an alternative release address.
    - 1) When an alternative release address has been identified, the existing Notification ORP will be archived and the new Notification ORP submitted by the Counselor/facility CCO.

## SUBMITTING AN INVESTIGATION ORP

**Counselor/Facility CCO** will:

1. Submit the ORP (with all fields completed) 6 months prior to ERD, including recommended conditions of release.
  - a. For Offender Re-entry Community Safety Program participants, ORP will be coordinated with the assigned institution mental health professional. For offenders with threatening behavior or community concerns, ORP will be coordinated with the Community Victim Liaison.
  - b. If multiple plans are being submitted, information regarding secondary plan(s) will be included in the Comments section of the Counselor/facility CCO tab of the ORP.
  - c. If prior to approval the offender provides a new address that complies with the requirements of County of Origin (Attachment 1), the Counselor/facility CCO will notify the assigned investigating CCO of the need for the plan to be returned to the assignment staff for transfer. If the new address is in a different catchment area, the CCO initially assigned will notify that assignment staff via email that the ORP is being transferred for investigation.
2. Coordinate and work with the assigned investigating Field CCO if alternative plans need to be developed.

## OFFENDER RELEASE PLAN PROCEDURE

3. If the offender cannot provide an address, the assigned Counselor/facility CCO will contact the Regional Housing Specialist for the offender's county of origin to assist in locating an appropriate housing resource.

### **The Field CCO** will:

1. Develop an investigation packet by reviewing Liberty for file material. If information is not available, s/he may request copies of any available file material through the facility Records staff/designee. The facility will also scan copies into Liberty.
2. Visit the proposed residence(s) as part of the investigation.
  - a. If an offender has more than one address submitted in the ORP, the assigned Field CCO will investigate the plan(s), starting with the primary address submitted within the CCO's catchment area. If the primary address is denied, the assigned Field CCO will investigate the secondary plans within the catchment area. If a secondary plan is approved, the assigned Field CCO will check "yes" on Item #24 on the ORP and enter the approved address.
  - b. If a secondary plan is in a different catchment area, the assigned Field CCO will chrono the findings of his/her investigation for the ORP investigations in his/her catchment area using the Release Planning/Issues chrono.
